Re: Himco, Inc.

Dear Ms. Swales:

Battjes Pontiac, Inc. is a franchised Pontiac dealership engaged in the sales and service of new and used cars and trucks. We do not have a body shop. Wastes generated by our dealership would include paper, aerosol cans, waste oil, uneaten food refuse, aluminum cans, and miscellaneous car parts, such as used spark plugs, cables, springs, pins, hinges, etc. Our waste oil is disposed of through Safety-Kleen Oil Services, Inc. Our bulk metal is sold by the pound to local scrap metal yards. Our paper products that are not easily separated for recycling are disposed of in our "dumpster" or "hopper" that is serviced by Himco, Inc. I do not know our SIC number, nor as per our phone call to your office on May 2, 1989, know how to obtain my SIC number.

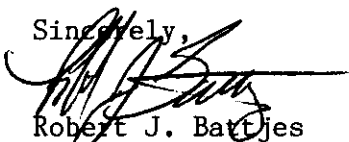

The Company handling our hazardous wastes:

Safety-Kleen Oil Services, Inc. - Waste Oil, P.O. Box 427, Buffalo, NY 14205

We are only contracted with Himco, Inc. for the handling of non-hazardous wastes.

The time frame you are requesting information from is difficult. My father was the dealer in 1960-1976, and he passed away in 1978. No-one in a position to help me with the information you requested is currently employed by this dealership, and we have since disposed of any records relevant to this matter, as our understanding is that these records were only required to be kept for seven years.

Sincerely,

Robert J. Battjes
President

All information contained in this written statement is true and accurate to the best of my knowledge and belief.
